

Yerbaé Announces Expansion with Hannaford Supermarkets to 185 Stores Across the Northeast United States

SCOTTSDALE, Ariz.--(BUSINESS WIRE)--April 25, 2023--Yerbaé Brands Corp. (TSXV: YERB.U) (“**Yerbaé**” or the “**Company**”), a plant-based energy beverage company, announced its expansion into 185 Hannaford supermarkets throughout the northeastern United States. This strategic partnership will make Yerbaé’s popular plant-based beverages readily available to a broader base of consumers seeking a healthier energy drink alternative. Hannaford is an American supermarket chain based in Scarborough, Maine and can be found in Maine, New Hampshire, Vermont, Massachusetts, and New York.

"We are delighted to partner with Hannaford and expand our reach into the northeast region," said Todd Gibson, CEO and co-founder of Yerbaé. "This collaboration reflects the increasing demand for wholesome and sustainable beverage options, and we are excited to provide a convenient and accessible solution for customers who prioritize health and well-being."

The partnership with Hannaford brings Yerbaé to even more shoppers who are eager to explore a delicious and mindful approach to energy drinks. Yerbaé’s presence in Hannaford stores will also create synergy with the grocer's own commitment to providing high-quality products and supporting healthier communities. Hannaford Supermarkets will feature a variety of Yerbaé’s top selling 16oz SKU flavors which include Mango Passionfruit, Watermelon Strawberry, and Black Cherry Pineapple. All of the energy beverages are made with plant-based ingredients and contain zero calories, zero sugars and zero carbohydrates.

Disclaimer for Forward-Looking Information

This news release contains forward-looking statements relating to the Company. Statements in this news release that are not purely historical are forward-looking statements and include any

statements regarding beliefs, plans, expectations or intentions regarding the future, including: that Yerbae will deliver consistent growth and that Yerbae is a leading player in the plant-based functional energy beverage industry. Forward-looking statements are based on assumptions and are subject to a number of risks and uncertainties, many of which are beyond our control, which could cause actual results to differ materially from those that are disclosed in or implied by such forward-looking statements. The material assumptions supporting these forward-looking statements include, among others, that the demand for the Company's products will continue to significantly grow; that the past production capacity of the Company's co-packing facilities can be maintained or increased; that there will be increased production capacity through implementation of new production facilities, new co-packers and new technology; that there will be an increase in number of products available for sale to retailers and consumers; that there will be an expansion in geographical areas by national retailers carrying the Company's products; that the Company's brokers and distributors will continue to sell and prioritize the Company's products; that there will not be interruptions on production of the Company's products; that there will not be a recall of products due to unintended contamination or other adverse events relating to the Company's products; and that the Company will be able to obtain additional capital to meet the Company's growing demand and satisfy the capital expenditure requirements needed to increase production and support sales activity. Actual results could differ from those projected in any forward-looking statements due to numerous factors. Such factors include, among others, governmental regulations being implemented regarding the production and sale of energy drinks; the fact that consumers may not embrace and purchase any of the Company's products; additional competitors selling energy drinks reducing the Company's sales; the fact that the Company does not own or operate any of its production facilities and that co-packers may not renew current agreements and/or not satisfy increased production quotas; the potential for supply chain interruption due to factors beyond the Company's control; the fact that there may be increases in costs and/or shortages of raw materials and/or ingredients and/or fuel and/or costs of co-packing; the fact that there may be a recall of products due to unintended contamination; the inherent uncertainties associated with operating as an early stage company; changes in customer demand and the fact that consumers may not embrace energy drink products as expected or at all; the extent to which the Company is successful in gaining new long-term relationships with new retailers and retaining existing relationships with retailers, brokers, and distributors; the Company's ability to raise the additional funding that it will need to continue to pursue its business, planned capital expansion and sales activity; and competition in the industry in which the Company operates and market conditions.

These forward-looking statements are made as of the date of this news, and the Company assumes no obligation to update the forward-looking statements, or to update the reasons why actual results could differ from those projected in the forward-looking statements, except as required by applicable law, including the securities laws of the United States and Canada. Although the Company believes that any beliefs, plans, expectations and intentions contained in this presentation are reasonable, there can be no assurance that any such beliefs, plans, expectations or intentions will prove to be accurate.
